Main Mailing Address: Cornerstones of Care — Hyde Park, 300 East 36th St., Kansas City, MO 64111

of Beds: Varies depending on program.

Length of Stay: The average length of stay in the residential treatment program is 3-9 months. This varies depending on each child's situation and next steps. Their goal is to return each youth to their own home, a foster, adoptive or group home or a supported [independent living program](#) where they can flourish and continue on the path of growth and success.

Length of Program: Individualized. Family-intensive treatment typically consists of up to 90 days of residential care followed by an in-home, aftercare program of up to 180 days. Aftercare services may include parent education, continued therapy services, educational transition services, in-home family support, respite care, community transition support, and more.

Services Offered:

- The COURAGE Program is a special unit located on the [Cornerstones of Care — Ozanam Campus](#) that provides tailored treatment for youth dealing with sexually reactive behaviors. In an atmosphere that promotes healing, inclusion, and respect, our professional staff help these children process their trauma in order to safely and successfully return to a family setting.
- Transitional living for those exiting the foster care system. Transitional support (housing, mentorship, education support) for formerly foster-care youth ages 16-23
- Through their residential treatment program, they offer [trauma-informed](#) campus living and therapeutic programming for more than 200 children and young adults, ages 4 to 18. These children have severe emotional and behavioral challenges stemming from abuse, neglect, and mental health disorders. Often they have seen numerous counselors, been treated with an array of medications, and have experienced short stays in psychiatric hospitals with minimal results. Their challenges are so intense that they cannot be treated as effectively in an [outpatient](#) or community setting and thus require temporary out-of-home care in order to fully heal from the effects of trauma.

Eligibility/Service Population: Adults (parents of youth in program), Children, Young Adults, Male/Female.
